# 4XBC Gaming Corporation is a renowned gaming company

We take great pride in being among the top companies in our industry. However, we have always remained grounded and maintained a family-owned culture throughout the years. The story of our company is truly exceptional and motivating: a single individual transformed unwavering optimism, a positive approach towards people, and an extraordinary work ethic into a flourishing gaming and entertainment empire.

In 1941, Sam Boyd embarked on his journey in Las Vegas alongside his family, armed with a mere \$80. Through sheer determination and hard work, he climbed the ladder of the city's gaming industry, progressing from a dealer to a pit boss and eventually a shift boss. Before long, Sam had accumulated sufficient funds to acquire a modest stake in the prestigious Sahara Hotel. Subsequently, he assumed the role of general manager and partner at The Mint, a prominent establishment situated in downtown Las Vegas. During his tenure, Sam spearheaded numerous triumphant initiatives in marketing, gaming, and entertainment.

# WHAT IS USDT BEP-20 TOKEN

**Tether (USDT) BEP-20** is a BSC block chain-based crypto currency whose tokens in circulation are backed by an equivalent amount of U.S. dollars, making it a stable coin with a price pegged to USD \$1.00. Stable coins track traditional fiat currencies, like the dollar, the euro, or the Japanese yen, which are held in a designated bank account.

Tether belongs to a breed of crypto currencies called stable coins which aim to keep crypto currency valuations stable, as opposed to the wide swings observed in the prices of other popular crypto currencies like Bitcoin and Ethereum. That would allow it to be used as a medium of exchange and a mode of storage of value, instead of being used as a medium of speculative investments.

**Tether is useful for** crypto investors because it offers a way To avoid the extreme volatility of other Further more, Crypto currencies. The Having USDT (as opposed to U.S. dollar) Removes transaction costs and delays that impair trade execution within the crypto market.
